

ARISE Plus Civil Aviation project

**Workshop on Enhance passenger protection –
Raise awareness of consumer and passenger
protection issues**

Activity 3.4.2 – Vientiane, Lao PDR

Tuesday, 2 April 2019

Your safety is our mission.

An agency of the European Union 

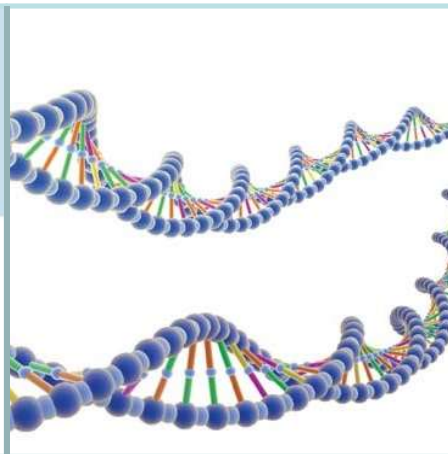

TE.GEN.00409-001

EU support for ASEAN in aviation

40 years of
ASEAN-EU
relations

A shared profile
– Single
Aviation
Market and
Seamless Skies

Shared
challenges –
traffic growth,
emerging risks,
environment

Shared
opportunities –
the ASEAN-EU
air transport
agreement

The EU aviation safety system

EASA mission

Ensure the highest
common level of
safety protection for
EU citizens

Ensure the highest
common level of
environmental
protection

Single regulatory and
certification process
among Member
States

Facilitate the internal
aviation single market
& create a level
playing field

Work with other
international aviation
organisations &
regulators

EASA Legal Mandate extended in 2018

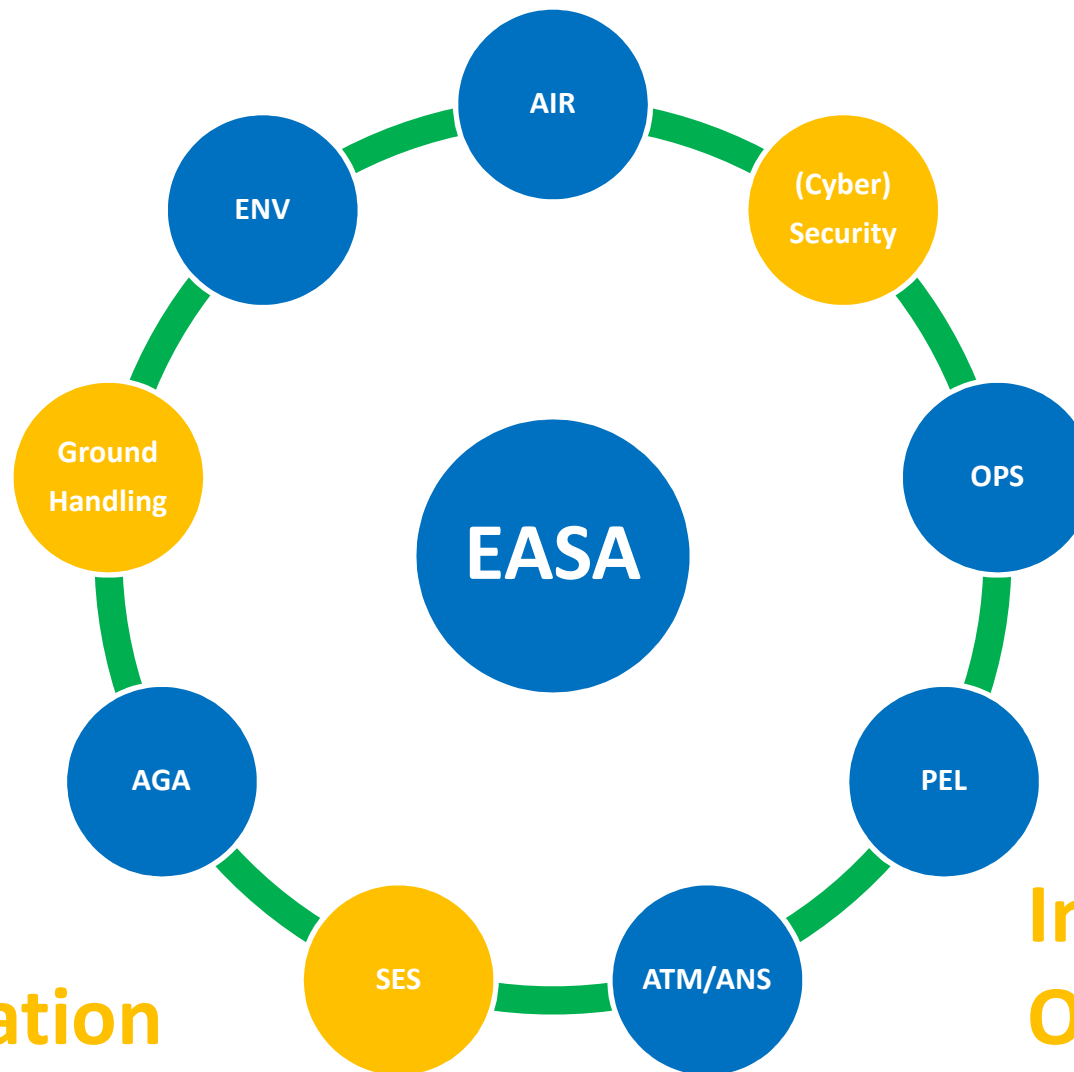

**Aviation
Safety**

**Aviation
Security**

Drones

**Digital
Transformation**

**Inter-
Operability**

Advantages of regional integration

Airlines

- Increased safety and interoperability
- Lower costs (training and hiring of personnel across the region)
- Move beyond third, fourth and fifth freedom rights
- In the future, seamless airspace -> reduced fuel consumption and reduced emissions

Authorities

- Harmonisation and ability to pool resources and safety/security information
- Greater cost efficiency through mutual recognition and economies of scale
- Greater capacity to address cross-border challenges

Passengers

- Safer travel
- Lower prices
- Improved connectivity

Governments

- Enhanced policy dialogue
- Linked regions and communities
- Improved contribution to tourism, trade, investment and service flows

Partners

- Efficient delivery
- Bloc-to-bloc dialogue
- Politically more neutral

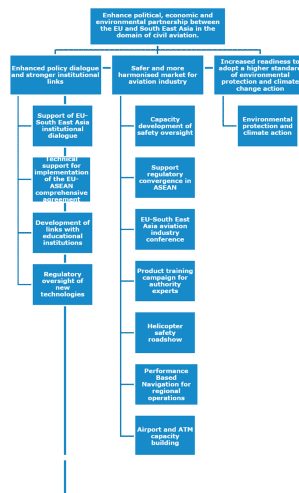

Two complementary projects

ARISE Plus Civil Aviation project

- ASEAN Single Aviation Market
- Governance coordinated with ASEAN secretariat

EU-South East Asia project

- Institutional relations, air safety and environment
- Governance coordinated with Project Management Board (PMB)

Enhancing effectiveness

Gains to be made from enhancing coordination:

- ❑ ICAO and ASEAN
- ❑ Member States
- ❑ Industry

ARISE Plus – Project Profile

To support the achievement of a safe, secure and sustainable ASEAN Single Aviation Market based on high regulatory standards

Improve regulatory capability and safety standards

Implement an ASEAN Aviation Regulatory Monitoring System

Establish & implementing a framework to share ramp inspection information

Establish mechanism to facilitate mutual recognition

Draft a framework agreement to support future mutual recognition

Strengthen capacities of individual ASEAN Member States

Improve national aviation safety set-up

Enhance national capabilities for safety oversight

Enhance national capabilities for security oversight

Enhance national capabilities for passenger protection

Enhance national capabilities for environmental protection

Enhance air traffic management efficiency and capacity

Strengthen the ASEAN ATM system

Support development & implementation of an ASEAN ATM Master Plan

Support development of tools and procedures to ease air traffic congestion

Strengthen ASEAN-EU cooperation in air transport

Support for the implementation of an ASEAN-EU comprehensive agreement

<https://www.ariseplusaviation.org/>

EU-South East Asia – Project Profile

To enhance political, economic and environmental partnership between the EU and South East Asia

Enhance policy dialogue and stronger institutional links

Support of EU-South East Asia institutional dialogue

Technical support for implementation of the ASEAN-EU comprehensive agreement

Development of links with educational institutions

Regulatory oversight of new technologies

Reduce safety barriers for the aviation industry

Capacity development of safety oversight

Support regulatory harmonisation in ASEAN

EU-South East Asia aviation industry conference

Product training campaign for authority experts

Helicopter safety roadshow

Performance Based Navigation for regional operations

Airport and ATM capacity building

Increase readiness to adopt a higher standard of environmental protection and climate change action

Environmental protection and climate action
